The legendary artists will cross the U.S. starting in June. All three bands are led by Englishmen Mick Jones, David Coverdale and Jason Bonham who are part of the fabric of British rock, and will bring a summer of great music across the country. FOREIGNER's 40th-anniversary tour was one of last summer's best-selling runs. "I'm excited to join forces with my fellow U.K. countrymen, David Coverdale and Jason Bonham, for what's sure to be a rockin' summer tour in the States," says FOREIGNER founding member and lead guitarist Mick Jones.... As WHITESNAKE lead singer David Coverdale says, "We are truly excited and looking forward to playing in 2018 with our friends, FOREIGNER and Jason Bonham, on their North American tour."

Says Jason Bonham, "Being part of FOREIGNER's 40th-anniversary tour last summer was wonderful. Opening a show like that was very special to me, so when Mick asked if I'd do it again in 2018, I said yes without hesitation. I'm excited that WHITESNAKE will be filling out the middle slot this time as I've known David since I was 14 years old. It's going to be a WHOLE LOTTA FUN!"
