Mr. Worldwide is headed stateside... From August through October, Pitbull will take his hits to venues all over North America as part of his forthcoming 'Party After Dark Tour' with T-Pain and Lil Jon on select dates.

Along the way, the hitmaker has five (!) New York stops planned.

First, Pitbull and co. swing into Queens' Forest Hills Stadium on Aug. 25.. After that, the "Feel This Moment" party starter drops by Buffalo's Darien Lake Amphitheater on Sept. 6, Syracuse's Empower FCU Amphitheater on Sept. 7 and Saratoga Springs' Broadview Stage at SPAC on Sept. 8. He wraps his NY run at Wantagh's Famous Jones Beach Theater on Sept. 12.

At all concerts, fans can expect "an electrifying mix of (Pitbull's) biggest hits...and surprises" according to a press release.. We'd bet good money there will be a "Dale!" or two, too. Pitbull's latest album, "Trackhouse," was released in October.

Pitbull's recent musical releases include Trackhouse and Trackhouse: Daytona 500 Edition. The album titles are inspired by the NASCAR Cup Series team Trackhouse Racing, which he has been a co-owner of since 2021.

The tracks feature special guests Dolly Parton, Tim McGraw, Nile Rodgers, T-Pain, Omar Courtz, and more.

Pitbull, with the support of fans worldwide, continues to spotlight the transformative work of SLAM! charter schools – leveraging music as a universal language to unite and inspire, turning negatives into positives.
